DIS DIE EEN

Excursion

All the learners of the Foundation Phase 2 went on an excursion to the Centurion Society of Model Engineers (CSME) site. Everyone went for more than one ride on the model steam trains and that was an experience that will last for a long time. The picnic and ice cream were the cherry on top! "Do you want to go again", we asked the children on the way home. Their answer was "Can we go tomorrow?"

Parents are welcome to contact the CSME at 012 643 0750. They are open to the public on Sundays and on Saturdays for your kids birthday party.

Archery

Archery South Africa visited Alma School on 26 September 2014. Each learner in Foundation Phase 2 & 3 had the opportunity to shoot a couple of arrows. The sport has been adapted especially for the disabled learner. With the help of a professional team the learners enjoyed it very much!

All our thanks to Rohan Botha and his friendly team that made this day unforgettable.
